Location: Lucknow, Uttar Pradesh

CAREER OBJECTIVE

Computer Applications student with hands-on internship experience building responsive web applications and REST APIs, currently learning and building projects across the MERN stack. Comfortable working across the stack — from crafting clean, interactive UIs in React.js to building backend services with Node.js and Express.js. Eager to contribute to a growing team as a Frontend, Backend, or Full Stack Developer.

EDUCATION

Bachelor of Computer Applications (BCA)
University of Lucknow | 3rd Year
- CGPA/Percentage: 77%

Class XII
- Percentage: 70.4%

Class X
- Percentage: 85.5%

SKILLS

HTML, CSS, JavaScript, React.js, Node.js, Express.js, MongoDB, Git, C Programming, SQL, Java, Excel, Python

PROJECTS

To-Do List App
React.js · Node.js · Express.js · MongoDB
- Built a full-stack task manager with add, edit, delete, and mark-complete functionality.
- Implemented REST API endpoints for CRUD operations connected to a MongoDB database.

Weather App
React.js
- Developed a responsive weather application that fetches and displays live data from a public weather API.
- Used React hooks for state management and dynamic UI updates based on search input.

Blog/Notes App
MERN Stack
- Created a full-stack blogging platform allowing users to create, edit, and delete posts.
- Designed MongoDB schemas and integrated Express.js backend with a React.js frontend.

Bookstore Inventory REST API
Node.js · Express.js · MongoDB
- Built a backend REST API with CRUD endpoints for managing book inventory records.
- Tested and validated all endpoints using Postman.

INTERNSHIPS / TRAINING

MERN Stack Intern
ABC Technologies | June 2026 – August 2026
- Built responsive websites using HTML, CSS, and JavaScript.
- Worked on React.js frontend, developing interactive and reusable UI components.
- Developed REST APIs using Node.js and Express.js to support core application features.
